PRIVACY AND YOUR PERSONAL INFORMATION

To provide you with financial advice, we need to collect, use and share personal information about you. Wherever reasonably possible, this information is collected directly from you.

There may be times when personal information about you is collected from other sources, including product providers, your other advisers, publicly available records, or information required to meet legal and regulatory requirements.

Where personal information is collected indirectly, we will take reasonable steps to ensure you are informed in accordance with the Privacy Act 2020. You have the right to request access to, and correct, the personal information we hold about you.

For further information, please refer to the [Link Financial Groups Privacy Statement](#).

FEES AND EXPENSES

Generally, Momentum Financial Ltd does not charge you a fee for our services. This is because Momentum Financial Ltd is usually remunerated by way of commission by the providers of the products we recommend. However, there are some situations where fees may apply:

- On occasion, some providers may not pay a commission. In this situation, Momentum Financial may charge a fee. The fee payable will be a fair reflection of the time required to provide advice and obtain that offer of cover on your behalf.
- Where Momentum Financial Ltd has obtained an offer of cover from an insurer who does pay commission, but you decide not to proceed, we may charge you a fee based on a fair reflection of the time required to obtain approval for you.
- Should you proceed with a policy implementation after advice from your adviser, and then cancel, amend, or change your policy within 25 months of premium payments, we may charge you a fee for the time spent to provide advice and obtain approval on your behalf.

Where a fee is charged, you will be issued with an invoice. This will be payable on the 20th of the month after the invoice is issued. Specific information relating to the fee will be provided to and agreed with you when the advice is provided, prior to submitting applications for cover. Submissions of the applications will be taken as your agreement in the absence of anything else.

CONFLICTS OF INTEREST

For life insurance and health insurance, Momentum Financial Ltd receives commissions from the insurance companies whose policies we can recommend. If you decide to take out insurance that we recommend, the insurer will pay a commission to Momentum Financial Ltd. The amount of the commission is based on the amount of premium associated with your cover; specific commissions will be advised to you when advice is provided.

From time to time, product providers may also reward us for the overall business we provide to them. They may give us tickets to sports events, hampers, or other incentives.

To ensure that our financial advisers prioritise the client's interests above their own, we follow an advice process that ensures our personalised recommendations are made based on the client's goals and circumstances, as advised to us. We complete regular training, including how to manage conflicts of interest. Each adviser has a regular compliance review of their advice process.

DUTIES INFORMATION

Momentum Financial Limited, and anyone who gives financial advice on our behalf, has duties under the Financial Markets Conduct Act 2013 relating to the way that we give advice. We are required to:
